DUMP BODY ROLL OFF CONTAINER

STANDARD FEATURES

CWB Certified Welding

Our CWB certified welders & welding procedures guarantee exceptional weld quality. Eliminate breakdowns and reduce the overall life-cycle maintenance costs.

Manufactured Above Industry Standard

SCS manufacturers all dump body containers above industry standards! SCS dump bodies have double formed walls, to create a stronger more durable container.

Made With US Steel

All SCS containers are built with steel manufactured in the USA. A durable container starts with strong, consistent gauge high quality steel products. Bins that use high quality steel will have lower lifetime maintenance costs.

Manual Tailgate Release

For easy operation SCS dump bodies have a manual tailgate release located on the front of the container. We also offer an upgrade option for an air actuated tailgate release.

PRODUCT HIGHLIGHTS

- 2.7 – 9.7 cubic yard sizes
- 10' – 14' lengths

SCS CONTAINERS HAVE AN INDUSTRY LEADING 3-YEAR PARTS AND LABOUR WARRANTY

SPECIFICATIONS

- Hook Lift Main rails 6" x 2" x 1/4" steel tube
- Cable Pull Main rails 6" x 2" x 1/4" steel tube
- Cross members 3" x 3" x .120" formed Hi-tensile channel on 18" centers
- Wall sheets, inner and outer, 10 GA hot rolled sheet, formed
- Standard two-way tailgate with manual gate release and spread chains
- Tailgate frame 3" x 2" x 3/16" steel tube
- Tailgate sheet, 10 GA hot rolled sheet
- Front sheet formed 10 GA hot rolled sheet formed
- Floor 3/16" steel plate
- Rear post 6 x 3 x 3/16" steel tube
- Landing gear (wheel mount) 6" x 3" x 3/16" steel tube
- Side boards, 2" x 10" fir
- Wheels – 5" standard pipe with 1-1/4" extra heavy pipe hubs and 1-3/16" cold rolled shaft
- All wheels have full length hubs for axle support and mount to the landing gear cross member with 3/8" formed steel plate
- Welding – Inner and outer floor seams, front and rear wall seams and inside top rail seams are continuous welds
- Two coats of epoxy primer on all exterior surfaces
- Two coats of poly urethane top coat in any single colour

SCS bins are manufactured above industry standard. Reduce your maintenance costs & maximize uptime.

STANDARD FEATURES

Dump Body Cab Guard

To ensure the safety of your driver and truck, SCS provides a heavy duty cab guard on every dump body we manufacture.

Double Formed Walls

Double formed walls increase strength, improve durability and protect the exterior appearance of your dump body – keeping it looking new for longer.

Side Boards

Dump body side boards can provide you with extra capacity if needed. The boards can easily be replaced if they become worn.

Dump Body Tailgate

Our dump body tailgate has a fixed hinge on the top rail which allows for easy dumping and spreading of loaded materials.
