GRAVEL BOX ROLL OFF CONTAINER

STANDARD FEATURES

CWB Certified Welding

Our CWB certified welders & welding procedures guarantee exceptional weld quality. Eliminate breakdowns and reduce the overall life-cycle maintenance costs.

Manufactured Above Industry Standard

SCS manufacturers all dump body containers above industry standards! SCS dump bodies have double formed walls, to create a stronger more durable container.

Made With US Steel

All SCS containers are built with steel manufactured in the USA. A durable container starts with strong, consistent gauge high quality steel products. Bins that use high quality steel will have lower lifetime maintenance costs.

Air Actuated Tailgate Release

For easy operation SCS gravel box dump bodies have an air actuated tailgate release. A convenience feature that improves the drivers efficiency by minimizing unloading times.

PRODUCT HIGHLIGHTS

- Gravel Boxes are the roll off equivalent to a dump truck box.
- 14' – 16' lengths

SCS CONTAINERS HAVE AN INDUSTRY LEADING 3-YEAR PARTS AND LABOUR WARRANTY

SPECIFICATIONS

- Hook Lift Main rails 6" x 2" x 1/4" steel tube
- Cable Pull Main rails 6" x 2" x 3/16" steel tube
- Cross members 4" Hi-tensile JR I beam on 12" centers
- Exterior wall sheets, 10 GA hot rolled sheet, formed
- Interior wall sheets 3/16" steel plate
- Dump style tailgate with air operated tailgate release and spread chains
- Door frame 5" x 3" x 3/16" steel tube
- Exterior door sheet, 10 GA hot rolled sheet formed
- Interior door sheet 3/16" steel plate
- Front sheet 3/16" steel plate, formed
- Floor 1/4" steel plate
- Rear post 3/16" steel plate, formed
- Landing gear (wheel mount) 6" x 3" x 3/16" steel tube
- Side boards 2" x 10" fir
- Wheels – 5" standard pipe with 1-1/4" extra heavy pipe hubs and 1-3/16" cold rolled shaft
- All wheels have full length hubs for axle support and mount to the landing gear cross member with 3/8" formed steel plate
- Inner and outer floor seams, front and rear wall seams and inside top rail seams are continuous welds
- Two coats of epoxy primer on all exterior surfaces
- Two coats of poly urethane top coat in any single colour

SCS bins are manufactured above industry standard. Reduce your maintenance costs & maximize uptime.

STANDARD FEATURES

Dump Body Cab Guard

To ensure the safety of your driver and truck, SCS provides a heavy duty cab guard on every dump body we manufacture.

Double Formed Walls

Double formed walls increase strength, improve durability and protect the exterior appearance of your dump body – keeping it looking new for longer.

Tapered Side Boards

Dump body tapered side boards can provide you with extra capacity if needed. The boards can easily be replaced if they become worn.

Dump Body Slanted Tailgate

Our dump body tailgate has a fixed hinge on the top rail which allows for easy dumping and spreading of loaded materials.
